# SITE DIAGRAM

WEBSITE OVERVIEW

1) Goals of the Website

i) Introduce myself, my life, my dreams, my goals, ----

ii) Highlight my academic and social achievements, awards and general life experiences

iii) Showcase my skills, people I have worked with and include some testimonials

iv) Enable visitors to consider hiring me

v) Provide samples of my work

2) Purpose of Each Page

i) Homepage :- Introduce myself & what I do

ii) About :- offer a detailed description of my personal life, hobbies, dreams, skills, ---.

iii) Personal Background :- outline my educational background, work experience, resume, awards, and achievements

iv) Portfolio :- show my previous work in digital marketing & content creation

v) Personal Vlog :- share videos of my interaction with clients, my work process, special events and past experiences

vi) Connect :- allow visitors to email me for future jobs, share experience and - general communication

3) Design Ideas And Alterations

i) A sleek design and cool background image for the homepage

ii) Include connect button as a soft call-to-action (CTA) on every page to encourage visitors to reach out

iii) Include social media links on all pages to allow easy contact & provide additional insights into my work

iv) Used scrolling images to capture & maintain attention of visitors

v) Changed the header navigation buttons on the last page to a drop box on the desktop design to minimize distractions, allowing users to focus on ~~text~~ messaging me
